

Dear Students

REPORTING POSITIVE COVID-19 CASES

As the college we would like to applaud students who have reported the covid-19 positive cases to the college and we are happy to announce that out of all the reported cases received, students have recovered and to this far there has not been any fatalities reported due to covid-19 cases.

The Free State is currently one of the provinces in the country with the highest percentage of new tests that turn out positive for COVID-19. In terms of the directives issued by the Minister of Employment and Labour, the Minister of Health and the Minister of Higher Education, Science and Innovation, the college is required to report all COVID-19 positive cases to the Department of Employment Labour, the Department of Health, and the Department of Higher Education, Science and Innovation.

The college hereby requests students not to come to the campuses if they are experiencing any COVID-19-related symptoms. Get tested at any testing centres/clinics/hospitals near you as soon as possible, and report the positive cases to College Student Health and Wellness on: students.covid19@motheotvet.co.za or pelam@motheotvet.co.za. Those students who test positive will receive the necessary advise from Students Health and Wellness.

For any Covid-19 or Students Health and Wellness enquiries please contact Ms. Pela on 0514069300/ pelam@motheotvet.co.za / students.covid-19@motheotvet.co.za

Thank you for your cooperation.

Sincerely

.....
Professor MDM Phutsisi
College Principal
